Signature

Having a personal relationship with God is a high priority. Serving Him, along with other believers, is also important. For that reason, we must learn to make decisions based on what the Bible teaches about the church.

In the New Testament, the word “church” means an assembly that has come together. It refers to a group of people “set apart” by God for His purposes. The Church is not a building or a place, but a group of people; it is not a lifeless organization but a living organism.
